

BILLY DONATO: VEGAS THUNDER

Vocalist & Showman

America's one-and-only fully unscripted powerhouse performance. One voice. One stage. Lives change forever.

Billy Donato — charismatic showman and former professional athlete — brings United States and Worldwide Billboard number one hits to life with high-octane energy: Motown Soul, Rat Pack Swing, Heart-Tugging Ballads, Knee-Slappin' Country, Roof-Raising Rock Anthems.

Billy's signature voice, magnetic presence, and spontaneous humor — felt by every soul.

Wooden legs dance. Paralyzed arms move. Crowds roar. Strangers become family.

Billy stands alone — pure and original, making every song entirely his own. With world-class studio tracks or live orchestras, the world's greatest venues come alive. Vegas Thunder rises.

His performances draw tourists from all 50 states and dozens of countries worldwide — while the hometown faithful keep coming back night after night. Each performance is different — because every audience is.

Every show opens with a powerful “God Bless the USA” salute to heroes and closes with “My Way (Our Way)” — a lifetime standing ovation memory.

All booking requests welcome. You will hear from me personally within 24 hours — direct or through your agents. My schedule is private and fully customized for each venue.
